Overview

An exceptional twin - wheel 40 footer. The Sun Odyssey is recognized for its space, comfort and elegance; a boat that exemplifies quality, innovation and fun. Aqua Vitae has an impressive inventory, designed to make her guests

comfortable and provide that competitive edge. This boat is well designed for comfortable cruising and exhilarating racing. The cockpit width extends all the way to the stern so there is lots of room for the crew, with nobody getting in the way. She has twin steering wheels, ergonomic cockpit and state of the art electronics. She has

plenty of storage space for all of your gear, a folding cockpit table and an accessible mainsail traveller on the coach roof.

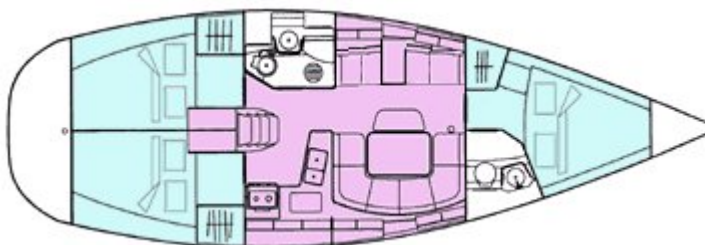

With new sails in 2006, a fully battened main, race orientated genoa and her feathering maxi prop, she has been setup to perform at the top of her class, around the cans or offshore. After your day out the spacious salon is finished with the traditional Jeanneau attention to detail, and the feeling below is that of warmth and relaxation. Aqua Vitae has a solid saloon table which comfortably seats 8, wide bench seats and to port there is further seating, a navigation station, a complete galley and numerous storage lockers. The heads compartments are spacious for this size of boat and have a separate shower zone. The forward cabin (with en-suite toilet and shower) and aft cabins are large, with ample storage space.

From her home at Haslar Marina, Gosport, Portsmouth, Aqua Vitae has fast access to the Solent, allowing you to get straight into the sailing.

Layout

Three double cabins, with two toilets/showers.

The saloon converts to another double berth and the settee by the chart table converts to another small single berth. Sleeps 6 people very comfortably in the 3 double cabins or a max of 9 if the saloon and chart table conversions are utilised.

Technical Specs

Designer	Daniel Andrieu
Overall length	12.2 m
Hull Length	11.75 m
Length on Waterline	10.17 m
Overall Beam	3.95 m
